 kaltwassertuch

\*

the care instructions of the manufacturers must be observed !

**Please pay attention !**

Before first use, wash well with clear hot water in the hand basin, wring out and allow to air dry

## Instructions for use:

- Wash the cloth in clear, cold, lime-free water without detergent, wring it out and rub the surfaces with a damp mist.
- Wash off extremely dirty surfaces (e.g. windows, window frames or the car) with a cloth and sufficient water, wring out cloth and wipe with a damp cloth. Do not rub dry, the streak free result comes of its own accord.
- if edges remain after cleaning, the "Kaltwassertuch" was to damp or to dry.
- After use, wash the "Kaltwassertuch" in hot water without detergent, and allow to air dry -done.
- Only when the cleaning result is no longer satisfactory should the clothes be washed **without fabric conditioner** between 60 and 95 C in the washing machine.
- Please rinse soap, detergent and fabric softener thoroughly by hand! Otherwise the cloth will smear. Do not put into the dryer, but air dry.
